

# Recreational Tennis Club

Recreational Tennis is for anyone in the junior high or high school who would like to play tennis. Whether you aspire to play on a team or just want to know how to play. This will help you with whatever your goals are.

We will meet once a month and do some drills and play some matches. (After we get it going we might play more if you like.)

Just text Robin Holliday if you are interested  
662-491-0940

In coming 7th graders are welcome!

# SA Tennis Try out Info

I am so excited about our tennis season next year! Starkville Academy will have tennis tryouts for the 2017-2018 school year. Tryouts will be for everyone and will take place at the start of school. I will try to have some tennis clinics in the summer. Please text me if you are interested , so I can let you know when clinics are .

## CRITERIA/EXPECTATIONS

The coach will be looking for specific qualities in prospective student athletes that are expected in all members that represent the SA tennis team. The following attributes are the most important part of each student's consideration during the tryout process.

**Coachable-** Athletes should show a willingness to improve their game, and have a great work ethic. Athletes should follow directions, stay on task, and work hard at all times.

**Attitude-** Athletes should bring a positive attitude at all times, show mental toughness/determination, and be **COMPETITIVE** in practice and play. Above all else athletes should **NEVER GIVE UP!**

**Ability-** Athletes will be evaluated on ability to perform the complex techniques of tennis with an emphasis on movement and footwork. A developed forehand, backhand, serve, and return will also be essential skills for each player to possess.

**Commitment-** Must be at 80 percent of the practices and must let the coach know when you are not going to be there! **DO Not Take a Vacation from Tennis this Summer or**

fall!!!!!!!
